

CHIMNEY TAPE

Chimney tape; It is a waterproofing material which is produced by applying electrostatic paint on aluminum foil and giving pitches with certain folding shapes. Butyl mastic is applied to the back of Chimney tape for high temperature and long life. It is a long-lasting waterproofing tape which is applied with butyl mastic and chimney, wall and similar points with flexible and strong bonding effect at the assembly stage. The colors on it are applied in the same color as the roof tiles. Electrostatic paints are applied by firing and high fading resistance against sun rays.

Onur Roof Tile

Onur Roof Tiles Turkey's most modern is engaged in the production of colored concrete roof tiles and plants. Our facility meets European standards production.
