

**ONUR ROOF TILE**

"New Face of the Roofs"

## WE PRODUCE VENTILATION ROOF TILE

Ventilation roof tile is an accessory used for the ventilation between the waterproofing cover and the roof tile. It helps to dry the material more easily when the application is made before the wooden materials used under the roof tiles dry. It prevents decay, mold and bacteria on wood. It can be used as a visual accessory for roofs other than ventilation.

### Onur Roof Tile

Onur Roof Tiles Turkey's most modern is engaged in the production of colored concrete roof tiles and plants. Our facility meets European standards production.
